

Automatyzacja End-to-End z Kubernetes i Crossplane

Indeks: **772846** Producent: **Packt Publishing**

Cena: **175.38 zł**

Opis

End-to-End Automation with Kubernetes and Crossplane: Develop a control plane-based platform for unified infrastructure, services, and application automation

Producent: Packt Publishing

- **temat:** COMPUTERS / System Administration / Linux & UNIX Administration, COMPUTERS, System Administration, Linux & UNIX Administration, COMPUTERS / Business & Productivity Software / Business Intelligence, Business & Productivity Software, Business Intelligence, COMPUTERS / Distributed Systems / General, Distributed Systems, General, COMPUTERS / System Administration / Linux & UNIX Administration, COMPUTERS / Business & Productivity Software / Business Intelligence, COMPUTERS / Distributed Systems / General, Operating systems, Linux, Systemadministration, HC/Informatik, EDV/Betriebssysteme, Benutzeroberflächen
- **wiążący:** paperback
- **język:** english, english, english
- **waga przedmiotu:** 0.44 kilograms
- **strony:** 250 pages
- **słowo kluczowe tematu:** Infrastructure As Data; Crossplane; Kubernetes; Helm; Kustomize; CNAB; Argo; Keptn; Open Policy Agent; Infrastructure automation; configuration management
- **kod unspsc:** 55101500
- **kod podmiotu:** ULJL, UTE, COM088010, COM005030, COM048000, UL, 1634
- **grupa docelowa:** General/trade
- **Liczba przedmiotów:** 1
- **waga opakowania przedmiotu:** 0.49 kilograms
- **zewnętrznie przypisany identyfikator produktu:** 1801811547, 9781801811545, 09781801811545
- **producent:** Packt Publishing
- **autor:** Ramakani, Arun
- **gatunek muzyczny:** COMPUTERS, System Administration, Linux & UNIX Administration, COMPUTERS, Business & Productivity Software, Business Intelligence, COMPUTERS, Distributed Systems, General
- **Data publikacji:** 2022-08-12T00:00:00.000Z
- **nazwa przedmiotu:** End-to-End Automation with Kubernetes and Crossplane: Develop a control plane-based platform for unified infrastructure, services, and application automation
- **data premiery:** 2022-08-12T00:00:00.000Z
- **data uruchomienia strony produktu:** 2022-05-03T09:19:16.241Z

Parametry

Gatunek	IT / Automatyzacja
Wydawca	Packt Publishing
Data wydania	12 sierpnia 2022
Waga	0,44 kg
Liczba stron	250
Język	Angielski
