FEATURES AND BENEFITS

GripGrab

CLASSIC THERMAL LEG WARMERS

- THERMAL INSULATION**
Soft brushed thermal fabric offers insulation and protection from windchill for cool spring/fall rides
- BREATHABLE**
Outer fabric creates a wind-resistant protective layer while remaining highly breathable
- CONTOURED SHAPE**
Anatomically contoured seams allow for natural leg bend and reduce bunching of material around the knee
- SECURE GRIPPER**
Strong silicone elasticated gripper on top of the warmer prevents slippage down the leg
- PACKABLE**
Easily stored in a cycling jersey pocket or pannier, making them ideal for changeable weather conditions
