Opis

The Eurasian Huchen, Hucho hucho: Largest Salmon of the World: 5

Producent: Springer

The Eurasian Huchen, also known as Hucho hucho, is the largest salmon in the world. This book delves into the fascinating world of this majestic fish species, exploring its development, ecology, evolution, migration patterns, morphology, and more. Written by renowned authors J. Holcík, K. Hensel, J. Nieslanik, and L. Skácel, this publication is a comprehensive guide to the Eurasian Huchen's life and characteristics.

Discover the secrets of the Eurasian Huchen as you delve into its role as a predator, its reproduction habits, and its taxonomy. With a focus on systematics and phylogeny, this book provides valuable insights into the evolutionary theory behind this remarkable species. Dive deep into the world of the Eurasian Huchen and explore the Netherlands as a key habitat for this iconic fish.
