Opis

The Routledge International Handbook of Education, Religion and Values

Producent: Taylor & Francis Ltd

The Handbook of Education, Religion and Values by Routledge is a comprehensive guide covering a wide range of topics related to education, religion, and values. The book explores the moral and social purpose of education, as well as various religious perspectives and their influence on educational practices. With 410 pages of in-depth analysis, this handbook is a valuable resource for educators, researchers, and students interested in the intersection of education, religion, and values.

Written in English, this paperback book weighs 453 grams and is part of the Routledge International Handbooks of Education series. It features illustrations and is aimed at tertiary education students and professionals. The first edition was published on December 22, 2017, making it a timely and relevant resource for anyone interested in these topics.

Explore key themes such as the role of faith in education, inter-religious dialogue, and the impact of core values on educational practices. With contributions from leading experts in the field, this handbook offers a comprehensive overview of the current state of education, religion, and values in today's society.
