Opis

Dark Side of Valuation, The: Valuing Young, Distressed, and Complex Businesses

Producent: Financial Times Prentice Hall

This book is a must-read for anyone interested in the valuation of businesses. Its focus is on businesses that are often overlooked in mainstream valuation discussions: young, distressed, and complex businesses. The author provides a comprehensive guide to the valuation of these businesses, including practical advice on how to navigate the challenges they present. The book covers a wide range of topics, including negative interest rates, company life cycle, market valuations, emerging markets, financial models, restructuring, and valuing both mature and young companies. It is written in clear and concise language and is an essential resource for anyone involved in the valuation of businesses, whether they are professionals or students.

The book is published by Financial Times Prentice Hall and has a weight of 1160 grams. It is a paperback and has 800 pages. The book is in English and is aimed at a general/trade audience. It is part of the Pearson FT Press brand and has a product code of I-BE, KFFM, LNSH7, KFFH, BUS017000, BUS017020, BUS027000, BUS036000, BUS017020, BUS027000, BUS036000, 17840, KFFH, KFFM, KFFM, LNSH7, LNSH7. The book was published on June 22nd, 2018 and is the third edition.
