## Opis

### The Unbound Prometheus: Technological Change and Industrial Development in Western Europe from 1750 to the Present

Producent: Cambridge University Press

The Unbound Prometheus is a comprehensive analysis of the technological changes and industrial development in Western Europe from 1750 to the present. Written by David Landes, this book delves into the history of economic growth, innovation, and industrialization that shaped the modern world. From the Industrial Revolution to the present day, Landes explores the key factors that propelled Western Europe to the forefront of global industrialization.

Drawing on a wide range of disciplines, including economics, history, and sociology, Landes provides a detailed examination of the industrial revolution, the rise of capitalism, and the impact of technological change on society. This book is essential reading for anyone interested in the history of Western Europe, economic development, and the evolution of modern industrial society.

Cambridge University Press, the publisher of The Unbound Prometheus, is renowned for its scholarly publications in the fields of history, economics, and social sciences. With over 400 years of publishing experience, Cambridge University Press continues to be a leading academic publisher, offering high-quality research and scholarship to readers around the world.
