Opis

The Oxford Handbook of Philosophy of Time
Producent: Oxford University Press, USA

The Oxford Handbook of Philosophy of Time is a comprehensive guide to the philosophical debates surrounding the concept of time. With 704 pages filled with insightful discussions on topics like philosophy of science, metaphysics, quantum physics, and more, this book is a must-have for anyone interested in delving deeper into the mysteries of time and existence.

Explore the complexities of time through the lens of renowned philosophers and scientists in this thought-provoking handbook. Delve into the realms of metaphysics, ontology, and quantum physics as you unravel the philosophical theories that shape our understanding of the temporal dimension.

Written by experts in the field, The Oxford Handbook of Philosophy of Time offers a profound exploration of the nature of time, challenging readers to question their perceptions and philosophies. Immerse yourself in this intellectual journey and expand your horizons with this illuminating guide to the intricacies of time.
