### Opis

## ELCM prysznic (czarny)

Producent: Delnet

- High quality material: Our shower head is mainly made of brass with ceramic structure handle. Compared with ordinary plastic showers, it has higher heat resistance and pressure resistance.
- Durable: 1.5M shower hose is made of 304 stainless steel with EPDM inner tube. It is not easy to break and has the performance of explosion-proof.
- Unique design: The traditional classical telephone shape design makes the handheld shower more textured. High-quality surface finish enables the shower head and hose to resist daily scratches, corrosion and fading.
- Easy to install: The standard 1/2" connection - fits the plumbing in our homes.
- Our package and service: You will get a brass shower head with hose. If you have any questions about our shower head, please feel free to contact us. We will do our best to help you.
